Re: Permission- Identification and recovery of JPEG files with missing fragments images

Sure, no problem at all. Let me know what source files you will need.

Regards,

taha

Dear Dr. Husrev T. Sencar,

You are the corresponding author for the DFRWS 2009 article, "Identification and recovery of JPEG files with missing fragments images"

I am writing to you to ask if I can reprint the images from the paper in a textbook that I am writing on computer forensics. I would also like permission to reprint the images in an article that I am writing for *American Scientist* magazine.

I look forward to hearing from you.

Kind regards,

Simson Garfinkel

Thanks!

Hi,

I am not sure what is happening with that domain.

I cannot read the body of that e-mail as it looks to be truncated.
